

Ex-Con Admits 3 Safe-Cracking Tries in 2 Days

**Captured While Fleeing
From Newberry Store
Early Saturday Evening**

Quick action and cooperation between a downtown merchant and police—aided by a turtle—resulted Saturday evening in the capture of an ex-convict who was surprised inside the J. J. Newberry Co. store while making his third safe-cracking attempt in Granite City in two days.

The would-be safe cracker was taken into custody on two blocks away when police spotted him wearing clothes answering the description given by John Hinson, 1641 Primrose avenue, manager of the store.

Chief of Detectives James R. Lowder said the capture was staged at 19th street and Cleveland blvd. by Patrolmen Gerald Pinkerton and Leo Willis. He identified the man as Bryan C. Stone, 28, of Hotel Steven, who had been released only last Monday from Menard State Penitentiary, where he had been sentenced on a burglary and larceny charge stemming from thefts in Granite City in 1956.

Stone, who was wearing blue trousers and a dirty, white tee shirt, described by Hinson, admitted he had run out of the Newberry store through a side door and had fled in alleys to get back to the hotel.

A warrant was issued today signed by Chief Lowder, charging Stone with burglary.

2 Other Safe Attempts

He also admitted two attempted safe-crackings which were reported to Granite City police Friday morning by Roy Massey of Massey Dairy, 20th street and Madison avenue, and Lewis R. Turner of Western Auto Supply store, 20th street and Grand avenue.

Stone added that he had made unsuccessful attempts to force entries at Mathews Chevrolet Co., 1511 Niedringhaus avenue, and Woodmore Oldsmobile, Inc., 2241 Madison avenue, last Monday night, the same day he had been released from prison, Chief Lowder said. Earlier that day he had stopped by Corky's service station, also at 20th street and Grand avenue, where he told police he was able to steal two screwdrivers. Ironically, the service station was one of the places he had burglarized in 1956, the chief of detectives remarked after checking the police department files.

One of the screwdrivers broke as he attempted to force the front door at Mathews Chevrolet, Stone admitted; and the other he left behind when he fled from Western Auto after a patrol car had passed by.

Turtle Needed Food

Hinson explained he and his family had just returned from a vacation on which his son, John, 10, a fifth grader at St. Elizabeth school, had acquired a turtle. The manager, accompanied by his son and daughter, arrived at the store about 7 p.m. to get some turtle food.

Two-Way Traffic To Begin At Midnight

**New Directional And
Stop Signs Installed
On 19th And State Sts.**

(PICTURE ON PAGE 2)

Granite City police will not wink at motorists who violate new traffic signs to be installed along State street and 19th street, which are slated to revert from one-way to two-way thoroughfares at midnight tonight, it was learned today from Police Chief Raymond Willard.

The period of grace is now, before the signs are put up, he said. "That's why we've announced the changeover so in advance. There'll also be no leniency as to double-parking," Willard added.

The new traffic controls will include "no-right" and "no-left" turn signs and stop signs, erected at strategic locations. Chief Willard pointed out the new traffic pattern was planned with a minimum of restrictions, following a request by retailers after a survey of merchants in the downtown area. The sign posts were installed Friday by the state department, and the signs are going up today.

Parking will still be permitted on both sides of the street, but on the left side, unless complaints or accidents prove the arrangement unsatisfactory. In such cases, said parking in the downtown area might be restricted during certain hours.

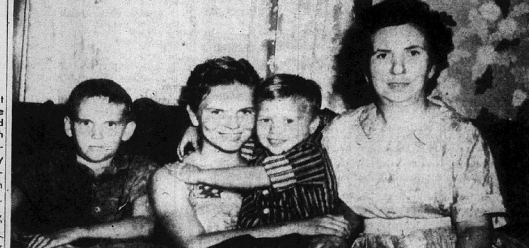

Turns And Taboos

Effective tomorrow, drivers will be allowed to turn either right or left at the 19th and State street intersection, but left turns will be illegal at 20th street and at Niedringhaus avenue for northbound vehicles on State street. Other left turn taboos will exist for westbound vehicles on 19th street at the Grand avenue and Edison intersections.

Stop signs will include two four-way markers, installed at the 19th and State streets intersection. A three-way stop sign also will be set up at the 19th and Edison intersection, it was reported.

Northbound traffic on State will be greeted by stop signs at 19th street, 20th street, and Niedringhaus avenue. To permit an even flow of traffic in the block between Edison avenue and State street, no control is planned for eastbound vehicles at the 20th street intersection. The boulevard stop for westbound traffic on 20th street at State street will continue, however.

Miss Duboise, 17, To Reign As 'Miss Venice of 1960'

**Mrs. Lena Katz,
Founder of Lee
Shops, Dies Today**

Miss Jane Duboise, a green-eyed, strawberry blonde senior at Venice high school, was selected by the judges to reign as Miss Venice 1960. She was named Friday evening during the city's 13th annual Homecoming celebration in Lee Park.

The 17-year-old daughter of Mr. and Mrs. James Duboise, Apt. 74, Venice Homes, was escorted to her throne by Mayor John E. Lee. Last year's titleholder, Miss Jo Ann Fuller, who had remained seated in the chair of honor throughout the proceedings, rose gracefully, but without a touch of reluctance, from her gaily festooned throne and as a final official gesture transferred her glittering tiara to the new five-foot, six-inch queen.

To complete the regal court, the panel of visiting judges honored Misses Jenny Foley, 16, daughter of Mr. and Mrs. Richard Foley, 447 Lincoln avenue, a sophomore student at Venice high school; and her companion, a 16-year-old, Miss Hapley, 16, daughter of Mr. and Mrs. Clarence Hackney, 210 Hackney street, a junior.

Prizes for Miss Duboise included a \$100 U. S. Savings Bond; a course of instruction (Continued on Page 13, Col. 1)

UF Sets \$285,461 As Goal For Drive

**Up \$8325 From Last
Year; Allocations Set
for 18 Fund Agencies**

(PICTURE ON PAGE 2)

A goal of \$285,461 for the 1960 United Fund campaign was set Thursday night by the UF board of directors along with tentative allocations for the 18 fund agencies. The new goal is up \$8325 or 3.3 per cent from the \$277,136 last year.

The campaign will be held the first three weeks in October, continuing the "give where you get" procedure used in last year's goal-topping drive.

Adoption of the goal came as the result of the board's unanimous approval of recommendations by the admissions and distributions committee chairmaned by Harold F. Karandeff. The budget recommendations by the committee became the tentative agency allocations and set up the campaign goal.

Last year, the first in which the UF drive reached its goal, the campaign brought in \$292,292. All agencies participating last year are joining again in the 1960 campaign. No new agencies were added.

Allocations will finance the agencies' 1961 budgets.

Announced by John Solenberg, area UF executive director, the tentative allocations for 1961 and the final allocations last year are as follows: Boy Scouts, \$38,800 and \$38,036; Girl Scouts, \$18,400 and \$13,000; Madison Boys' Town, \$4600 and \$3089; "Y" Teen Town \$8000 and \$7630; YMCA, \$47,100 and \$45,150; Boys' Town of Illinois, \$3100 and \$2600; Catholic Charities, \$29,074 and \$27,691; Co-ordinated Youth Services, \$17,093 and \$15,462; Protestant Welfare \$12,700 and \$82,000; and Salvation Army, \$18,880 and \$17,253.

Aid to Retarded Children \$5018 and \$2978; Mental Health Association, \$7500 and \$7500; Visiting Nurse Association, \$3300 and \$2500; Health Service Fund, \$13,800 and \$21,444; Red Cross, \$25,816 and \$23,298; AFL-CIO Community Services, \$3300 and \$3500; Servicemen's Center and USO National, \$2100 and \$2000.

Administration and campaign costs have been reduced to \$21,974 from \$24,086, while the allowance for pledge lapses remains \$6000.

**Fatality And Nine
Injuries In Area
Traffic Accidents**

(PICTURE ON PAGE 2)

A traffic fatality and nine injuries occurred in six of 13 vehicle accidents reported in and near the Quad-Cities over the weekend.

A St. Louis man was killed and three persons suffered minor injuries in a head-on collision between a car and a transport truck Saturday at 2:30 a.m. on Highway 40-66 near the Chain of Rocks canal bridge.

The fatality is the area's tenth traffic death of the year, compared to 17 at this time last year. William P. Stodd, 35 St. Louis, was dead on arrival at St. Eliza-

beth Hospital at 3:25 a.m. The auto he was driving collided with a truck driven by Ned Hubbard, 31, Columbia, Ill., about 300 yards west of Chain of Rocks canal bridge between the Chain of Rocks bridge and the Chain of Rocks river bridge. Stodd suffered a fractured skull and lacerations to the head.

Hubbard, Allen R. Seeburger, 25, St. Charles Mo., a passenger in the truck, and Mary Hubbard, 32, St. Louis, a passenger in the auto, were taken by ambulance to St. Elizabeth Hospital for examination and later advised to seek their own doctors after only minor injuries were found.

Hubbard told state police he was driving east on the highway when the Stodd auto, traveling west, crossed the center line and collided with the truck. The cab of the truck caught fire after it overturned on the highway embankment, and Mitchell, a passenger in the auto, was injured. It was totally burned.

Motorcyclist Hurt

A motorcyclist, John W. Hicks, 32, of 2414 Missouri avenue, was injured last night at 20th and Adams street in a traffic mishap involving an auto. He was given emergency treatment at St. Elizabeth Hospital.

40 Tires Valued At \$1000 Stolen; Other Area Thefts

New auto tires valued at \$1000 were stolen early Friday from the Standard service station, 20th and Benton streets, by thieves who used a truck stored inside the building to haul the tires away — apparently to St. Louis. The truck later was found abandoned and empty in the 700 block of Brown street by Venice police.

Otis Gosnell sr., operator of the station, who was summoned by Granite City police about 4:20 a.m. when they discovered a door on the west side of the building had been pried open, said between 40 and 50 new tires were missing. He explained the truck was one of two stored at the station by the Granite City Clean Towel Co. and that the keys had been left in the vehicle.

To drive the loaded truck away, the burglars first had to smash a padlock on a large overhead door. It was reported they also forced open a door inside the truck between the cab and cargo section.

Police said the vehicle had been seen crossing the McKinley Bridge to St. Louis about 3 a.m. and return about 30 minutes later. Venice police found the truck in the 700 block of Brown street about 4 a.m.

Two Tires Stolen Someone yanked all four tires off a 1951 model convertible owned by Fidel Gonzales, Chicago and Cedar streets, and stole two of them while it was parked there either Wednesday or Thursday night, he told Granite City police. The other two tires were on the ground on the left side of the auto.

Tri-City Park Area Playground Opens

Six units of playground equipment have been installed and are in use at the new Tri-City Park playground and another two are still waiting, parts Supt. of Parks O. H. Williams said today. The playground, an area approximately 100 feet square on Meridian and 12th street, one block from Edwardsville road, now contains four belt swings, four fiberglass pony swings, a jack-and-jill slide, four large pony swings, one eam-a-slide, plus a ten-foot steel circular whiff.

All these are already in use by area youngsters. Williams said. Awaiting parts are the "merry flyer" and four fiberglass ponies mounted on springs. Three additional pieces are planned for future installation, the superintendent said. To be completed this week, park employees in an oak fence around the playground. Later, top soil will be added, the ground seeded and fertilized. This far a number of shade trees will be planted.

Although the playground is in use now, the official opening will be deferred until parts arrive to make all the equipment operational.

The very bouffant skirt, worn over a hoop, was detailed down the front with alternate lace and tulle panels and cascading down the back were tiers of lace and tulle ruffles which formed a sweep train.

A fingertip veil bordered with matching lace and sequins was attached to a Swedish coronet of pearls and crystals. The cascade bridal bouquet was made up of white gladiolus centered with an orchid and the only jewelry worn was a pair of crystal earrings, the bridegroom's gift.

Other Educational Institutions Joining Quad-City Schools in Offering Russian

Local school districts are among the first but apparently not the last educational institutions in this state to add the teaching of Russian to their foreign language programs. Blackburn College at Carlinville has just announced that "Da" will join "Ja, Si, Oui" and "Yes" in its language program this fall.

In announcing that Blackburn is offering a course in beginning Russian for the first time, Dr. Robert P. Ludlum, president, said, "The course reflects the continuing modernization of the Blackburn curriculum in light of changing philosophies of education and world emphasis."

The study of Russian is necessary in a world in which the American and Russian people are leaders of the two major opposing doctrines. The fact that our belief in God and freedom is the right belief, and that the Red's godless gangster government is tragically wrong, does not change the fact that the Communist sphere of influence does exist.

It is important that the free world remain alert to the slave world and its machinations. To do this, it is essential that we know their language and understand their tactics and outlook. Local schools are far-sighted in adding Russian to the list of available courses, and a trend seems to be developing in this direction throughout the country.

Work Program Could Help Limit Relief Rolls To Reasonable Level

The new state law relating to the general assistance or relief program supervised by townships reflects Illinois legislators' conclusion that able-bodied employed men on relief rolls should perform work in return for the assistance provided them and their dependents.

It is felt that this can accomplish the dual purpose of enabling them to retain work habits and work skills, while at the same time contributing to desirable public grounds, parks, playgrounds, streets and highways, and other programs that may be devised by local officials with the approval of the Public Aid Commission.

In taking action, the state legislature noted that an increasing number of those supported by tax monies appropriated by the state are healthy but unemployed workers for whom jobs are not immediately available as a result of changes in industrial technology, diminishing openings for unskilled workers and other factors. The legislators reported that the general assistance program is becoming increasingly costly to the state, and that some steps must be taken to avoid long-time dependency for any individual.

The state also called attention to increasing demands for public services of all types. In this highly industrialized and complex society, Illinois communities are confronting state, county and city governments with demands for public works and facilities that cannot be financed with available tax resources.

For the reasons cited, it seems clear that the new program has merit. While circumstances and economic conditions are major factors in unemployment, the prospect of having to work for relief aid may spur some applicants to greater efforts to find work of their own choosing. This should prove helpful in limiting the relief program to a reasonable level.

It takes a tough physique to withstand the rigors of the picnic season.

Events in August Give Warning That War Must Not Occur Again

Four dates in August, three of them occurring 15 years ago, have had a profound effect on current history and are likely to influence the course of events for many years to come. Each will be readily recalled.

August 6, 1945: The first atomic bomb used in war was detonated by a U. S. bomber over Hiroshima, Japan. Of the city's 343,969 population, 78,150 were killed, 37,425 were injured, and 13,083 were listed as missing.

August 9, 1945: A second nuclear bomb was dropped on Japan, devastating half the city of Nagasaki.

August 14, 1945: President Truman announced that Japan had surrendered and that World War II had ended. The war's cost to this nation included 1,125,369 casualties, of which 405,399 died, and an estimated minimum cost of 387 billion dollars.

August 8, 1953: Premier Malenkov announced that "the United States no longer has the monopoly of the hydrogen bomb."

The events in August 1945 started the atomic age and ended the last major war, not coincidentally. The date eight years later was significant because it marked a new stage in the cold war that developed between the free world and the Communist bloc after world war II. In this new phase, while there may not be an exact balance of power, each of the two major forces is regarded as having sufficient military power to wipe out the other in the event of a world war II.

The horror visited upon the Japanese was merciful in that it spared them any more lives than would have been lost if the war had been allowed to continue for a long period — as it could have against a fanatical enemy. Yet the wholesale slaughter, maiming and terror, plus the insidious effects of atomic radiation, should be remembered in all its grim detail. It should serve as an everlasting warning that war must not occur again.

The history-making events of August 1945 must be kept uppermost if the march of history itself is to continue.

Democracy may be governed by those who believe anybody can tell them.

Keeping Our Cities Clean

One of the criticisms often voiced about American cities is that they are unclean. Too often this criticism is quite true — and one need only visit some of our cities to see how dirty a community can be. Europeans, although their living standard is much lower than that in the United States, are quite proud of the way they maintain a state of cleanliness and orderliness in their cities and towns.

Even the larger cities in Europe are often kept scrupulously clean. Early each morning one can see men with fire hoses washing down the streets, getting rid of cigarette butts, paper, and other debris which may have been left on the street during the day and night.

The result is clean and beautiful streets every day.

We Americans, who often assume that we have all the answers and have the best of everything in the world, can take a lesson in cleanliness from many of the communities and countries of Europe. The more we are conscious of cleanliness and keeping our town and community beautiful, the better job of it we will do — and the greater will be our appreciation and enjoyment of attainable beauty around us.

GC Man To Vote For President 18th Time

No one in the Quad-Cities is looking forward to the Nov. 8 presidential election with any more gusto than an 88-year-old Granite City man who voted in his first national election on a Nov. 8 in 1902.

Ollie Walters, 2312 Benton street, said he was an independent voter when he voted for Grover Cleveland in 1892 and has stayed that way for 68 years. "I get a lot of all the facts I can before an election. There aren't enough people who decide their vote on the facts," he mused. "Too many vote for words and not actions."

After observing and voting in 17 presidential elections, Walters, who retired from work as a heater at Granite City Steel Co. in 1946 believes the country will stay strong no matter what man is president. The country learns under a weak head."

Walters, who has dabbled in politics himself until 1949, when his wife died, thinks Theodore Roosevelt had been the best leader of the country in this century. "But Lincoln tops my all-time list," he added.

Besides his keen interest in politics, Walters retains an enthusiasm for baseball. "Sporting news is as much required reading for me as the political column."

Right-Of-Way Change After 22nd St. Crash

Backing out of a parking space on 22nd street between Lee and Washington avenues, a vehicle driven by Eugene C. Boyd, 43, of 2004 Grand avenue, Friday afternoon, Boyd was heading west.

Arrested by Granite City police for failing to yield right-of-way, Beasley posted his driver's license as bond.

School Windows Damaged

Walter Klein, principal of the new West Granite junior high school, 2400 West 25th street, reported to Granite City police Friday that someone had made tiny holes in some of the building's windows, apparently with a BB gun. He requested that police watch the area.

County Balance Drops \$86,000 To \$44,000

Madison county's \$130,848 cash balance of last year was cut to \$44,020, down \$86,828 at the close of the fiscal year on July 31, according to a report made last week to the county board of supervisors, meeting in Edwardsville.

County Auditor John L. Kraynak in presenting the annual financial report to the board said that compared with last year the county's balance is considerably less, and he pointed out that receipts were down. "We have come a long way since 1956 when we closed with a deficit," he added.

In 1958, the county had a balance of \$309,444 at the end of the fiscal year; in 1957, the balance was \$22,631, while in 1956, there was a \$199,226 deficit.

The county's receipts during the 1959-60 fiscal year amounted to \$1,059,817, while disbursements totaled \$1,015,796. The expenditures were \$491,014 for fees and salaries, \$397,272 for transportation, \$42,216 paid to supervisors; \$49,162 town accounts, \$875 for physicians, \$96,633 for dependent children, \$71,154 for printing, \$97,465 for the county jail, \$74,426 for the nursing home, and \$75,921 for the court house.

The total disbursements of \$1,011,839 topped the 1958-59 expenditures of \$967,947 by \$43,892. Kraynak reported there was a major savings in fees and salaries, election expense and assessment publication fees as well as in such items as appropriation of the county jail.

The total all county funds showed a surplus at the close of the year except the one for assessment maps and plats, which had a deficit of \$487.3.

The county auditor told county board members the Madison County Detention Home Fund was climbing rapidly. Receipts through the first seven months of 1960 showed a balance of \$42,793 from the county's half-cent sales tax.

Bi-County Airport Group Plans Survey

The Madison-St. Clair counties Bi-County Airport Commission is planning a long-range survey to gather information for determining whether a new exists for establishing a secondary airport on the Illinois side of the Mississippi River.

Conferences were held last week with representatives of the Federal Aviation Authority, at which time the six-member group learned that the federal government would contribute 75% of construction funds. The other 25% would come from a source as yet undetermined by the commission.

No site has been selected, as the commission has been named by the county boards of supervisors of the two counties only to study the need for a secondary or executive type airport to relieve congestion at the St. Louis Lambert field and provide service in Illinois.

The commission, headed by Orville R. Aglesby, East Alton, a member of the county board of supervisors, expects to take nearly a year to complete the survey. It has been estimated a suitable airport would require about 4000 acres.

MORE ABOUT Two-Way Traffic

Chief Willard to make any adjustments in the new traffic controls that might be required. The council decided on the traffic move about seven months ago upon requests by downtown merchants.

Speed Limit Holds
The speed limit of 30 miles an hour will probably remain the same on the two streets, Willard explained, unless conditions still unforeseen make the speed unfeasible. He pointed out that while all of 19th street will be open to two-way traffic, State street between Niedringhaus avenue and 24th street southbound will remain one-way.

Still to remain one-way streets in the downtown area are Edison avenue and Grand avenue, which are limited to northbound vehicles between 18th street and 24th streets.

Sportsmans Ties Briggs For Tavern League Lead

Briggs Tavern, which appeared to have an insurmountable lead three weeks ago, found itself in a first place tie today after losing its third straight in Sunday morning Tavern League softball action while challenger Sportsmans Club came up with an important victory yesterday.

Briggs dropped a 2-1 squeaker to Bookies Homestead in a morning filled with upsets, while Sportsmans clipped Jags Hideaway 7-3. John Webster hurled the win for Bookies and shut out Briggs until Don Crabtree homered with the bases empty in the seventh. Sonny Miloski, who had two of his team's six hits, was the loser.

Sportsmans Club broke a 3-3 tie in the seventh, scoring four runs on five hits and a sacrifice fly to tie the contest. Winning pitcher George Vivod hit a double, as did Max Malwitz. John Modurski hit a two-run homer and Bill Diak doubled for the winners. Lower Nielsen, who remained tied for third, Oren Harrison was the loser.

In the biggest upset of the day, 8-7 behind the nine-hit pitching of Harold Schultz, Lower Nielsen, Asperger was touched for 17 safeties, four by Charles Sabo, three each by Bill Murphy and Jerry Howell. Joe Asperger had three hits for the losers.

Green Hall moved closer to the leaders with a 10-4 win over Mary's Place, as Bill Page led the way with two doubles and a home run. Ted Macios also hit a home tripper for Green Hall off lower Steve Handlosky. Frank Orris and Rich Buer had three hits for the winners. John Allen a homer for Mary's. Gene McMurry was the winning pitcher. Home of the Blues took a 7-0 forfeit from Jolly Mill, which is dropping from the league. Managers and league officials will meet at Bookies Homestead Wednesday night in hopes of naming a replacement team which will complete the season in Jolly Mill's place. Three entries are seeking the vacated spot.

Conduct Charge
Answering a call to 944 Niedringhaus avenue, Granite City police arrested Bill E. Hack, 35, of that address on a charge of disorderly conduct, and Billie L. Robinson, 32, also of 944 Niedringhaus avenue, on a charge of drunkenness. They were later freed on \$16 cash bonds.

GC Netsters Win 9 Trophies In Two Meets

Granite City tennis players brought home a total of nine trophies from two net tournaments conducted over the weekend as they teamed up for the Granite City Open which begins here later this week.

Ron Underwood, manager of the local open, teamed up with Jim Jarrett of Decatur to win the men's doubles at the Southern Illinois Open on the campus of Southern Illinois University at Carbondale.

Mike Barnes defeated fellow Granite City Bill Logan in the finals of the boys' 15 singles at the same tournament, 6-4, 3-6, 6-1. The pair accounted for a total of four trophies between them in the same tournament.

Dave Moss of Granite City teamed up with his partner, the late Larry Kas of St. Louis for the junior singles title at STU. He earned his fourth tournament's winning junior doubles combination also.

In the annual open tournament at River Forest, Ill., Miss Gay Mueller of Granite City was runner-up in the girls' 15 singles to Miss Jackie Mueller of Milwaukee.

She was paired with nine-year-old Cheryl Smith of Miami in the finals of the girls' 15 doubles, and the duo finished second behind Paulette Berrier and Ann Kerwein of California.

Melton Fans 11 As Moose Club Wins
Extremators, 7-2

Neal Melton struck out 11 and pitched shutout ball in all but the first inning as Moose Club downed the Modern Extremators 7-2 Friday night in a Class 'B' league softball game at Willard Park.

The Extremators scored twice in the first frame when they hit three of five hits Melton gave up. Moose Club came right back in the bottom of the first to score three and take a lead it never relinquished.

The winners added two more runs in the second and seventh frames. They combined lower Eugene Mank for 10 hits during the game, including doubles by Fred Ybarra, Henry Scott and Rich Briggs.

Modern Extremator catcher Rudy Diak drove in both the losers' runs with a double in the first. Ybarra and Briggs also played two runs each with their extra base blows.

Saturday night the Pals and Lincoln Place double-forfeited their Class 'B' game, which was scheduled at 7 p.m.

Moose Club dealt Modern Extremators a telling blow Friday night and moved to within one game of third place behind the fine pitching of Neil Melton, 7-2.

Melton, who got off to a shaky start, fanned 12 Extremator batters in the last five innings after giving up both runs in the early going. The loss dropped the Extremators into a two-way tie for second place with No-Dog-Hood, which was idle over the weekend.

The Pals won their third game of the season as a result of a forfeit by last place Granite City Steel Credit Union.

Truck Hits Barricade

Quad-City Police To Attend St. Louis Crime Conference

In an all-out cooperative effort to cut down on crime and increase criminal apprehension, seven police officials of the Quad-City area will journey to St. Louis' Metropolitan Police Department on Wednesday, Aug. 24, to learn of the department's success in recent crime apprehension experiments.

St. Louis chief of police, Col. Curtis Brostrom, in a letter to Illinois police department heads of the Greater St. Louis area explained that during the last three months his department had been experimenting with a plan that strategically deploys police officers around areas where a serious crime has been committed.

This systematic assignment of police officers to particular patrol or fixed position areas, he continued, is used in many large departments throughout the country, and the St. Louis group is attempting to develop a procedure which includes both moving patrols and fixed points in blocking off an area in which a crime has been committed.

So far, Brostrom says, they have conducted 54 such exercises with 32 apprehensions, which is better than a one out of two success rate.

In detail, the St. Louis chief explained the operation: a "suspect" commits a simulated crime in an area unknown to other police taking part in the exercise. Immediately upon the

Optimists Hear Fine Points On TV Reception

Noonday Optimists, meeting in the Elks club Thursday, heard Chester Baker and Floyd Mitchell of the Egyptian Radio club cover a band of topics regarding the history, interests, and problems of the amateur radio operator.

Both speakers, past presidents of the organization as well as the Optimist club, gave special attention to a rash of recent complaints from a neighboring community concerning radio interference with local TV reception.

It was pointed out that in order to get optimum results from a video receiver at least three steps were important prerequisites: the installation of the right type antenna for the reception area, and properly oriented as to channel selection; the addition of a booster to increase signal strength in low lying areas; and the use of an electrical filter to reduce possibilities of such common types of interference as automobile spark ignition, diathermy from hospitals and doctors' offices, and competitive broadcasting from police, taxi cabs, commercial and amateur radio stations.

In his comments on the history of amateur radio operation, Baker told the group that since its beginning in 1912, the number of hams broadcasting in the country has steadily increased. They now total, he added, about 200,000, and his organization, the Egyptian Radio club, is one of the oldest of its kind in the country. As part of its service to the community, it works in cooperation with local Civil Defense and Red Cross chapter in emergency communications.

Later, Mitchell, communications chairman with the Civil Defense organization in this area, gave a practical demonstration to the Optimists of how a properly connected television antenna and filter will help eliminate radio or other common interferences in television reception.

In conclusion, the guest speakers mentioned that on Aug. 21 the local Egyptian club would be hosting a two-state "hamboor" of amateur operators.

Scheduled to open for classes in September 1961, the local school will contain four classrooms, cafeteria, a boiler room and restrooms. It will be constructed so as to facilitate any future expansion.

John J. Golebowski, St. Louis, designed the structure.

Holders of construction bids are Tom Studebaker Construction Co. and S. M. Wilson & Co., Granite City; L. Kottick & Sons, Collinsville; and John J. Keeley, East St. Louis.

Electric and mechanical contractors holding bids are R. Dron Electrical Co., Galloway-Von Gruening Plumbing & Heating, and Tri-City Heating & Air Conditioning, Granite City; Lowry Electric, Page Electric, Kremer-Hicks, E. J. Mang, and Reiser Plumbing & Heating, East St. Louis; and Markuly Plumbing & Heating, Madison.

A campaign to raise a goal of \$200,000 for construction of the school was held last June, with some 200 workers seeking to obtain subscriptions from parishioners and others. A. E. Michael, fund committee co-chairman, said today he thought the goal was being either reached or "close to it."

A final decision as yet has not been reached regarding arrangements for obtaining a site on the sanatorium grounds for the detention home which grand juries have advocated as a "must" for several years. Juveniles are now housed in the county jail until the court disposes of their cases.

A third neighborhood concert featuring members of American Federation of Musicians Local 717 is planned for Aug. 28, but so far the location has not been set.

The programs are arranged as part of the Granite City park district recreation program.

Tate also will present two concerts tomorrow at the Springfield State Fair.

valued at over \$200 with a St. Louis modeling school; an evening bag with pearls; transistor radio; and a merchandise gift certificate valued at \$100. Miss Foley will receive a \$25 U. S. Savings Bond; and Miss Hackney a \$10 cash award. Additionally, each of the three finalists received a string of pearls. The modeling school scholarship was presented by Miss Myrna Eassey, president of Venice, a representative of the school.

Other contestants in the beauty pageant were: Carol Smith, 16; Sue Tipton, 16; Faye Beyer, 16; Shirley Johnson, 15; Gloria Martin, 15; Judy McClain, 15; Barbara Callender, 18; and Peggy Mayes, 15.

The 11 aspirants seeking the Venice beauty crown paraded the elevated stage, before a large welcoming audience, first in white blouses and blue shorts, and then in "fluffy" strapless dresses. They were judged on a competitive point score for poise, personality, posture, and beauty.

Officially judging the contestants were Col. Jack Jefferies, commanding officer of Granite City Engineer Depot; Miss Suzanne Lewox, recently crowned Miss Granite City, 1961; Miss Jackie Donovan, public relations director for Patricia Stevens modeling school; Robert Whaling, of the St. Louis Post-Dispatch; and Mrs. B. J. Fields, federation president of Junior Service clubs.

Master of ceremonies James Reidelberger introduced each girl in her initial appearance, giving a brief background description and hobby interest. Later when the youthful competitors made their second appearance, Mrs. Barbara Chappel, acting as fashion commentator, described each contestant, wearing apparel.

Music supplied during the Junior Service club sponsored pageant was offered by a four-piece orchestra.

JSC members in charge of the proceedings were: Mrs. Helen Simmons, general chairman; Mrs.

One Percent Penalty On Delinquent Taxpayers

August 31 is the last date on which residents of Madison county will be able to pay their 1959 county taxes without incurring a delinquent penalty, William T. Carsons, of the County Treasurer's Office in Edwardsville said today.

A penalty of one percent is currently being added to taxes paid at the county office, a practice which has been followed since July 1, Carsons said. Beginning Sept. 1, an additional one percent will be added.

County tax books in Granite City were closed last Thursday, and have been forwarded to the treasurer's office in Edwardsville.

Granite City Patrolman Frank Harris and Ralph Parmley were they both ran to the front window.

Undaunted, Officer Harris attempted to crawl up the steps at a second time, but was forced back by the intense heat and smoke.

Harris joined the other officers at the front of the building. Donald already had jumped and been caught by the officers and spectators, and Rosa was about to climb out the window when someone yelled to ask if anyone else was in the building.

Girl Changes Clothing

Rosa remembered her small stepbrother, she went to the back bedroom and found him still asleep. She awakened him and recalling her fire training at school, told him to keep his face under covers. She took a few moments to change from her pajamas to a pair of blue jeans and a blouse. "I didn't want to go out of the window in my pajamas," she remarked.

Keeping close to the floor, she grabbed Charles from the bed and started carrying him toward the front window. "My hair caught fire, and I brushed it out with my hand," she remembered. "Then I bumped my elbow against something and burned it."

When she arrived at the window, Madison volunteer firemen had arrived and were setting up a ladder. She was instructed to climb onto the awning, and the girl and her small stepbrother were carried down by Firemen Joseph Kaleta and Sam Rossman.

The youngsters and Officers Harris were taken to the hospital.

Recall Other Details

Later Sunday, at the home of their grandparents, Mr. and Mrs. Oscar Young, 1531 Sixth street, Rosa and Donald recalled other events.

Rosa said she thought the smoke was from something on the stove in the kitchen and was unaware of the danger until she saw the flames on the porch and saw them spreading into the kitchen.

Donald remembered he was boosted out the window by flames licking at his back. "The fire seemed to flash up at the ceiling," he recalled.

His most concern was a baritone horn which he had on loan from the school system. "I play in the school beginning band," he told a reporter. "I hope I don't have to pay for that horn."

The horn was on the upstairs back porch badly bent.

Mrs. Finley, who is divorced and is receiving assistance under the state Aid to Dependent Children program, said Rosa had caught a cold after swimming at Wilson Park and that the supply of aspirins was exhausted Saturday night. "I went to the home of some friends to get some aspirins and stopped for awhile to talk and drink coffee. I can't hear very well, but my friends didn't hear any sirens either, and I didn't know of the fire until I returned home, and it was all over then," she said. "I've had several ear operations."

Fire Chief Miller said fire damage was confined to the rear porch, although the kitchen was scorched and there was smoke damage throughout the apartment.

The downstairs storeroom had been vacant about a year, and Mrs. Finley said she had lived in the apartment since last October. They are presently staying with her parents at the Sixth street address.

heard them come in and decided to leave. As he dashed from the office he met the boy face-to-face in an aisle. "I couldn't think of what to say," Stone told police, "so I yelled 'Boo.' The boy turned and called out, 'So I ran for the side door and got out.'"

Stone was seen to flee north in the alley to a cross-alley and then dash west. Police were summoned and the clothing description given.

Stone made no attempt at a struggle when captured.

Gives Four Statements

At police headquarters, he made four statements admitting the various attempts.

The ex-convict said he had gone to a tavern on 20th street near Iowa street Saturday afternoon to get a few drinks and pick up some tools he had hidden behind the building. The tools were gone, so he walked to the 1900 block alley between Edison Avenue and State street to enter Southwest's Hardware.

It was there he spotted an open coil chute at the Newberry store.

He crawled through the chute into the basement and decided to take a nap while waiting for the store to close. The store was dark when he awakened, and he went over it looking for a safe. He saw a set of tools from counter displays, he went to the office with an electric drill, a hand drill, a hammer, set of chisels and a set of bits.

First drilling a hole above the combination, he then knocked off the combination, according to the statement. When that failed to produce results, he sat back to rest. Then the Hinsons arrived.

Earlier Attempts

Relating his Thursday night and early Friday morning activities, Stone said he climbed an outside stairway to get to a second story door at Massey Dairy, after staying at a tavern until it was dark. Using a crowbar he had bought earlier in the day at a hardware store, he pried open the door and when inside broke a window in the dairy tool room to get into the office.

Upon knocking the combination of the safe and while preparing to drill a hole, he noticed grease on the safe door and abandoned the job, thinking the safe was protected with a tear gas mechanism.

Just across the street, a half-block away, he forced a side door to enter Western Auto Supply Store where he also helped himself to tools in stock to work on the safe. A hole was drilled above the combination and the combination was knocked off, but the safe door failed to budge.

Stone told the officers he had difficulty in finding the safe and at first was preparing to force open the file cabinet. It was when an auto went by that he fell on the floor and found the safe under the counter. He had a brief encounter with a German shepherd watchdog in a back room, but told police he thought he had successfully eluded the dog only to spot the police car cruise by.

Thinking the cruiser would double back, he immediately left the store, grabbing up a transistor radio and a box of radio batteries before leaving. It was while in the store that Stone dropped a screwdriver.

Stone said he had gone to Mathews Chevrolet Co. Monday night to get tools, but gave up when the screwdriver he was using to force open the front door broke in the front door. He thought that by trying to force the front door, shielding the screwdriver from view, any

Petition-Signing Progresses For County Health Dept.

Petition-signing for a county health department is progressing rapidly in the Quad-Cities and throughout the whole county, according to Dr. Felicia Koch, chairman of the local steering committee for the health program.

Reports from the Alton and Highland areas show large-scale petition-signing by labor, business and civic organizations while other parts of the county are reporting similar progress, Dr. Koch said.

In the Quad-Cities, signers have not yet been counted but she said that judging from the number of petitions taken out, the move for the health program is receiving concerted support here.

If five per cent or about 6000 of the registered voters in Madison county sign petitions, the health program will be placed on the Nov. 8 ballot.

Should the program be approved the first step in establishing the health department would be selection of an eight-member county board of health by the board of supervisors for Madison county.

Of the eight chosen, two must be under county health department law — be physicians, one a dentist, one a member of the

board of supervisors and the remaining four will be citizens who represent the county geographically and are "chosen for their special fitness."

Noting that opponents to the department have postulated a "political" basis for board appointments, Dr. Koch stated all appointments would be made from lists of qualified candidates and no supervisor could choose a "friend" arbitrarily.

The two physicians would be selected from a list of five presented by the county Medical Society and, in a similar fashion, the Dental Society in the county would provide a list of qualified dentists. To suggest candidates for the four "citizen" positions on the board, she said other health workers have formed a county health council composed of interested representatives from throughout the area who would make up a list of candidates from which supervisors would choose.

Dr. Koch explained that this system has prevented health boards in the other Illinois counties from becoming political. In addition the board is required to publish for free distribution an annual report showing the sums of money received, how it was spent and for what purposes and accounts of all the services rendered during the year.

Three of the schools, St. Joseph's and Sacred Heart in Granite City and St. Mark's in Venice, have not yet set formal dates for the registration but report having most of their students enrolled through registration in May.

At St. Elizabeth school, children entering the first through the fourth grades will be able to register on Aug. 31, while grades

Optimists Hear City Manager Plan Outline

An explanation of the city manager form of local government and the history of the plan were presented to members of the Daybreak Optimist Club Saturday morning at the YMCA by James Worthen, member of the City Manager group in Granite City.

Worthen told the Optimists that since the plan was first put into operation in Staunton, Va. in 1912, over 1500 cities in the United States, Canada and Eastern Europe have adopted it.

He said that in 1951 the Illinois legislature passed a measure which made the city manager form of government legal in the state, and that since that time 53 cities, including Alton and Wood River, have adopted it.

"Despite what you have heard to the contrary, the plan has worked in Alton and Wood River," Worthen said.

He added that his group has been successful in obtaining the necessary number of signatures on petitions calling for a referendum on the city manager plan in Granite City, and that the petitions are soon to be presented to the county judge.

Worthen said it is probable that the proposition will be put to the voters at the time of the national elections in November.

Explaining the plan, Worthen said it provided for a mayor and four aldermen at large, together with a city manager. The citizens' group which he heads favors a yearly aldermanic salary of \$1, he added.

Next Saturday the Optimist Boy Scouts who attended the national jamboree in Colorado Springs, Colo.

Williams, who appeared before Police Magistrate Gasparovic on Saturday morning, was fined \$25 for failing to observe a red traffic signal at 23rd street and Madison avenue, and \$10 for driving without a license.

His trial on the DWI count was set for next Saturday.

Miss Beverlee Ann Blaylock And Wm. F. Byrd Are Wed

The wedding of Miss Beverlee Ann Blaylock, daughter of Mr. and Mrs. James P. Blaylock, 3214 Wabash avenue, to William Franklin Byrd, took place Saturday evening at First Baptist Church, 21st street and Delmar avenue. The Rev. Keith Stanford officiated at the double-ring ceremony, and afterward a reception was held in the church basement.

The former Miss Blaylock wore a full length gown of ivory silk organza fashioned with a scoop neckline delicately embellished with tiny pearls. Short puffed sleeves were draped over the shoulders, and the back of the gown was detailed with lace to create a bustle effect. A veil of silk illusion was held in place with a queen's crown of pearls and the bride held a white satin Bible topped with a white orchid and showered with ribbons. She was given in marriage by her father.

The attendants, Miss Margaret Rose Smith, a cousin of the bride, as maid of honor, and Miss Nancy Cockrell of East St. Louis, and Miss Julia Maples, bridesmaids, wore gowns of silk organza, ballerina-length. They were in pastel shades of orchid, yellow and pale orange and their colonial bouquets of gladioli matched their gowns which were designed with scoop necklines, large puffed sleeves and very bouffant skirts pinched at the waists with bows. A little flower girl, Nancy Cockrell of East St. Louis, another cousin of the bride, carried a small basket trimmed with yellow ribbons and holding yellow rose petals. Mr. Byrd, a son of Mr. and

The bride's table, covered with a lace cloth over pink, was decorated with white and pink summer flowers and light was furnished by burning candles in crystal candelabra. Serving as a background was a white screen festooned with pink floral sprays flanked on both sides by tall palms.

After a wedding trip to Bermuda, the newlyweds will be at home at 901 Hollinsworth road, Lakeland, Fla., after Sept. 12. Both young people are attending Florida Southern College in Lakeland where they will begin their senior years this fall. The former Miss Bjorkman, a graduate of East St. Louis high school, is a member of Sigma Sigma Sigma sorority. The bridegroom attended prep school at Malvern, Pa., and is a member of Sigma Alpha Epsilon fraternity. Both are business majors at Florida Southern.

Among the pre-nuptial parties given for the bride and groom members of their wedding party and out-of-town guests, was the rehearsal dinner Saturday evening at the Officers Club; a buffet at the home of the bride given by an aunt, Mrs. Edwin Barlow, of East St. Louis, on Friday and a brunch at 11 a.m. Sunday at the home of Mrs. J. J. Morgan. A post-nuptial reception will be held Sept. 4 at the home of the bridegroom's parents in New Jersey.

Out-of-town guests here for the wedding were Mrs. Asa Hackney of Fort Pierce, Fla.; Miss Margaret, Miss Kathy May of New York City; Hal Cover of Pennsylvania; Mrs. Harry Sisson, Miss Sally Sisson and Dave Sandberg of Westfield, N. J.; Mr. and Mrs. Walter Miller of Cincinnati, an aunt and uncle of the bride; Mrs. Edward Reine of Murphysboro, Ill.; the bride's grandfather; Miss Ann Ambrose of Louisville, Ky.; Mr. and Mrs. William Goodale of DeWitt, Ia.; the bride's aunt and uncles Mr. and Mrs. Barton and Mr. and Mrs. Bergers of East St. Louis; the bridegroom's parents and members of the wedding party from out-of-town.

The bride was escorted down the white-carpeted aisle by her brother, Brett E. Bjorkman. Her gown, made on princess lines, was fashioned of bouquet tulle and encrusted with seed pearls and touched with imported resembled Alencon lace. It featured a portrait neckline and three-quarter-length sleeves. Re-embroidered Alencon lace and pearls defined the fitted bodice and accented the dome front skirt in motifs applied to the hem line. A chapel train, sweeping from an empire waist, was highlighted by a petite bow at the waist. A crushed silk tulle rose held in place a bouquet of imported illusion veil and Stephanotis, phenopsis orchids and variegated ivy were carried by the bride.

The maid of honor, Miss Frances Hackney of Fort Pierce, Fla., carried a bouquet of Stephanotis and variegated ivy. The bridesmaids, Miss Nancy Townsend and Miss Frances Hackney of Fort Pierce, Fla., carried bouquets of Stephanotis and variegated ivy. The bridesmaids, Miss Nancy Townsend and Miss Frances Hackney of Fort Pierce, Fla., carried bouquets of Stephanotis and variegated ivy.

The bride, a graduate of the Granite City high school, attended the University of Wisconsin for one and a half years and recently has been employed by the First Granite City National Bank. She is a member of Delta Delta Delta sorority.

consisted of Charles and William Livingston, brothers of the bridegroom, Thomas Hundley, James Hewitt of Muncie, Ill., Chas Nixon and Gary Mages of Alton, cousins of the bridegroom. The young women of the wedding party were attired in Swiss organza dress dresses of mint green with square necklines and tiny sleeves. White Venice lace appliques were used for ornamentation on the left shoulders, the front necklines and midway of the floating back panels which were attached at the waist lines. Matching pleated bows with circular veils completed the costumes and all carried cascades of orange gladioli, with the exception of the bride, whose bouquet was orange and yellow.

Mrs. Hundley wore a green chiffon dress, a matching hat and accessories, while the bridegroom's mother selected a dress of beige lace over green satin. Her accessories were of the same color. Both wore orchid corsages.

After a honeymoon trip to Fort Lauderdale, Fla., and New Orleans, La., the newlyweds will live in Charleston, Ill., where the bridegroom will be a senior in the school of business administration. His fraternity is Sigma Phi.

WIENER ROAST FOR ONCE-A-MONTH CLUB

The Once-A-Month Club held a wiener roast and celebrated the birthdays of two members Thursday evening at Wilson Park.

Mrs. Carol Kilburn and Miss Betty Frick were remembered on their birthdays with the traditional cake and gifts. After the picnic supper the members played badminton and then went to the home of Mrs. Roberta Miller, 1730 Venice avenue, for the birthday celebration and a raffle shower for Mrs. Gerry Mendez, who received many lovely gifts.

A short business meeting was held with Mrs. Miller president, presiding. Plans for a trip Sept. 14 to Pere Marquette State Park were made, with the members meeting at Bellemeor Village Shopping Center and continuing the trip by car. They will explore some of the nature trails at the park, which will be conducted by a guide and then have lunch before exploring more trails and learning of the plants and flowers native to the state. Some plans were made for the October meeting when the members will entertain their husbands.
